

About Our Company

Bugman International is a pest control company and a service provider for residential and commercial business. We are a pest control company which is specialised in protecting your property, before pest becomes a problem to you.

What Do We Do ?

Our pest control treatment and inspection services are performed while taking your satisfaction into account. We guarantee it. We involve you in the process and answer your question and doubts you have. Our goal is to exceed your expectations. We have the expertise to handle each and different situation. That's why our pest control inspection team and exterminators assess the problem and then meet you to discuss what needs to be done. There are no surprises later on. We give you the facts up front and customise a treatment program that works for you and also your money.

Our Commitment

Our Quality control program is unparalleled in the industry. We make sure the service is done with utmost care and in the right way. We have the process and people in place to guarantee the same.

Our Performance

Bugman International offers residential and commercial business owners a full complement of pest control inspection and treatment service options. We only use environmentally sensitive and registered products for all pest control solutions.
